Safety and Security

Students and employees can share their concerns in a safe and secure atmosphere thanks to presence of Grievance Cell. Female students are given a form by the anti-sexual harassment committee to share their concern and then accordingly the action is taken by the committee. For the safety and security of female students, female staff members accompany the students during educational tours, industrial visits, health camps, workshops/conferences, etc. Guards are stationed at the gate to watch over the campus completely. Visitors are only permitted in campus after their entry in the visitor register. College buildings are under constant CCTV surveillance, which connects to the principal's office and completely secures the campus.

Common Room:

In the first floor of the Institute, there is a separate girls' common room that is well-equipped with everything that is needed by women, including a sanitary napkin vending machine, an incinerator, attached washrooms, washbasins, mirrors, curtains, etc., along with clean beds and seating arrangements the common room is more comfortable. Additionally, the complaint box is installed by the police who help in solving issues of female staffs and students which make them feel more secure and confident.

Counselling:

Specialized counselling is offered to female students and staffs have to make them overcome psychological barriers. During counselling, the most difficult topics to address are "women empowerment & protection" and "women safety and equitability.", so to deal with this , a faculty member is allocated to each group of students as part of the counselling system, so it encourages students to report any instances of sexual harassment or gender conflict , so proper action and counselling can be taken.

Visitor register

The institute keeps visitor log register to record the details of every person entering the college premises.
