BEST PRACTICE – I

Title: “Health practices @ Community Services”

Objectives of the practice:

1. To enhance health quality of life in society
2. To inculcate social values and responsibilities.
3. To organize social events for promoting the holistic development of society
4. To create opportunities for the students for social interactions.
5. To strengthen teamwork amongst students and encourage participation
6. To involve the students in awareness programs for grooming them as agents for community services.

The context:

Community-based learning combines traditional classroom instruction with community service to enhance the learning of the students and civic participation. The college's focus for community improvement and engagement connects academic programs with community service so that students, faculty, and community partner's can forge linkage between theory and practice, between knowledge and action and between there sources of the institution and the community development. World Health Organization promotes concept of high-quality life.

Being a pharmacy institute, we develop responsible and accountable pharmacists. Our prime social objective is to create awareness in the tribal population and extending care that leads to proper health and quality life. Social activities play a vital role in the development of human values in students. It boosts confidence and teachers to co-operate and work with people in different conditions, They learn to face the challenges that come in educational and career life through extension and outreach programs; we sensitize the students to develop social values, their responsibilities and knowledge towards societal issues and engaging them to be involved with the people of the community. Students with profound interest attain social values and responsibility. Above all, the students get hold of social justice, values, responsibility, and sustainability while pursuing these activities in college along with education, students learn

College of Pharmacy
Waghoda Road, Nandurbar

prioritization and time management skills too. These academically and co-circularly talented students have well-groomed personalities, which helps them to face the world in a better way.

Our College has Organized Several Awareness Programmes

Sr. No.	Activity	Year
1	Aids: Prevention, control and management	2022-2023
2	Yoga day	2022-2023
3	Hospital Visit	2022-2023
4	Pharmacist day celebration	2021-2022
5	HIV/AIDS Awareness Program (Street Act)	2019-2020
6	Yoga awareness day	2018-2019
7	Clean India/ Swachh Bharat Abhiyan	2018-2019
8	Blood donation camp	2018-2019
9	Celebration of World's Pharmacist day	2018-2019
10	HIV/AIDS Awareness Program	2018-2019
11	Hospital Visit	2018-2019

The Practice:

Self-Study Report of Jijamata College of Pharmacy Nandurbar:

To achieve the objectives, our college had visited different villages, primary & secondary schools and organized the Rally and Street Drama to render our social service to the community by organizing Health Awareness Camps, Health check-up camps, Blood Donation Camps, Awareness of AID's, Poster Presentation, Tree Plantation. Awareness program in the community of tribal area was important so they should know the side effect of alcohol drinking, use of tobacco, etc. Social Activity was also done through street play's, rally's, etc. we trained our students for pharmacy practice which were engaged in the extension activities, we have conducted different Health check-up, vaccination camp, blood donation camp so as to make them aware about the same, our college conducts the yoga awareness day every year to make people aware about the importance of yoga and its benefits.

1. Evidence of success:

The Institute has observed successful outcomes in Social Activities in the last few years; Health-related awareness programs were conducted every year to a large number of tribal community people as they attend these practice activities and acquire knowledge about safeguarding their health.

2. Problems encountered and resources required:

1. Availability of limited funds/funding sources for organizing such activities.
2. To get the maximum and active participation from tribal people.
3. Poor literacy among the people of the surrounding area
4. Difficulty and lack of communication problems with the tribal community.
